NACADA Region 3

Diversity, Equity, and Inclusion Advising Champion Award

Amanda Heinsman

South Carolina Honors College

“This award recognizes NACADA members in Region 3 who are making advising more inclusive, fair, and responsive to the needs of historically marginalized and/or non-traditional student populations.

The goal of this award is to acknowledge advising work that helps address inequities experienced by students during their college careers and to celebrate advisors who create environments, spaces, and opportunities that promote and advance acceptance and belonging for all.
