Programs or Initiatives

Effective Programs or Initiatives

List your most effective programs/initiatives toward fulfillment of mission.

Carolina Master Scholars Adventures Series

Duke TIP Academic Adventures

Project Management

Lean Six Sigma

Paralegal Studies

Grant Writing

Training for the SC Government Finance Officers Association (GFOA)

Test Preparation courses for the LSAT, GRE, GMAT, Praxis (Verbal and Math), SAT and ACT.

Program Launches

List any programs/initiatives that were newly launched during the Academic Year or any programs/initiatives you would like to launch in the coming year(s). Describe the program/initiatives, provide financial requirements (including additional staff), and Academic Year in which you would launch. What key performance indicators are you utilizing to track the success of this program?

Investigating Veteran's program in collaboration with Georgia Tech Continuing Education.

Program Rankings

List any nationally ranked or external recognition during the Academic Year. For each, provide the formal name of the program followed by the name of the organization that issued the ranking, the date of notification, effective date range, and any other relevant information.

Supplemental Info - Academic Programs

Any additional information on Academic Programs appears as Appendix 1. (bottom).

Community Engagement

Community Perceptions

Describe how your unit assesses community perceptions of your engagement, and how the unit assesses the impact of community engagement on students, faculty, community and the institution. Provide specific findings.

All of the classes we offer are open to the public and are non-credit therefore we are constantly engaging the community. The same is true of the conferences we support. For some, taking one of our courses through our office may be the only interaction they ever have with the university.

We offer free test preparation workshops to the community several times a year.

As part of the Carolina Master Scholars Adventures Series, we encourage giving back to our community during each week of the summer camps. We identify six (6) non-profit organizations and collect donations at USC from our camp participants and university faculty and staff.

Collaborations

Internal Collaborations

List your Unit's most significant collaborations and multidisciplinary efforts that are internal to the University. Details should be omitted; list by name only.

Campus Climate and Inclusion

Campus Climate & Inclusion

Activities the unit conducted that were designed to improve campus climate and inclusion.

We serve as a resource for community members through our programs and services that foster a collaborative culture. Through the programming of test preparation, personal and professional education courses and youth programs as well as educational conferences, we are committed to building, nurturing and engaging diversity and inclusion in all we do.

A particularly important goal of the Carolina Master Scholars program is to help students "Jump Start" their college experience and to showcase future careers and majors to middle and high school students and recruit these academically talented students to USC. In 2018, 34% of the participants who reported were from underrepresented populations.

Initiatives and Fees

Initiatives

Describe any new initiatives your unit will need for the coming year.

Fees

List any new or changed fees that your unit has implemented or had to take on in the last academic year.

Each course we offer has custom registration fees. We offer discounts to USC students, faculty, staff, alumni and the military.

Concluding Remarks

Weaknesses and Plans for Improvement

What is your unit struggling with? What plans do you have to overcome the weakness that you have faced in the next academic year.

Staffing Issues - Two of three program managers positions turned over in 2018. Although training new staff and maintaining programs has been challenging, new staff will bring new energy and ideas to improve our programs and services.

In May 2018, we moved to our permanent offices in Suite 591 of Close Hipp which we had hoped would allow us to focus our time and energy on our business. However, we are dealing with construction and building issues on a daily basis - including constant interruptions to the network and our databases. In addition, noise and heat/air conditioning issues have been disruptive to our delivery of classes and overall work.

Key Issues

Identify key issues or potential challenges your unit will encounter this coming year and the steps you plan on initiating.

Funding of the renovation project of our new continuing education and conference space in Close Hipp on the eighth floor and how to staff it.

Quantitative Outcomes

Explain any surprises regarding data provided in the quantitative outcomes modules throughout this report.

In 2018, the Office of Continuing Education and Conferences:

- Held 14 Duke TIP Academic Adventures serving 215 students and 17 Carolina Master Scholars Adventures courses serving 288 students. 32 students earned certificates in the December graduation ceremony.

- Offered 54 Test Prep courses and 6 free information workshops to help 360 students prepare for the LSAT, GRE, GMAT, SAT or ACT.
- Collaborated with 19 university departments and 15 state agencies to support their educational outreach programs by coordinated logistical and/or registration services for 37 conferences/events impacting over 10,000.
- Held 36 personal interest courses serving 427 students.
- Held 26 certificate programs serving 714 professionals.
- Issued 24,966 CEU certificates.

Cool Stuff

Describe innovations, happy accidents, good news, etc. that occurred within your unit not noted elsewhere in your reporting.

- We collaborated with the South Carolina State Department of Education to manage the website, budget and registration for their annual Education and Business Summit held June 25 - 28, 2018 in Greenville, SC with

1,122 participants. •We supported the College of Education as they hosted the prestigious North American Chapter of the International Group for the Psychology of Mathematics Education (PMENA) conference in Greenville, SC November 15 - 18, 2018 with 504 participants.

•We offered a new course entitled Adventures in Extraordinary Chemistry to middle and high school students as part of the summer 2018 CMS Adventures Series for the first time. A high school student from Slovakia attended it.

•For a limited time, we offered a new professional education course to help students who had previously taken our Project Management certificate program. When the PMP exam changed in the spring of 2018, we offered "PMP 5th to 6th Edition Gap Training."
