EDUCATION

- 2008 Ph.D., Department of Anthropology, Indiana University, Bloomington, Indiana
Major: Biological anthropology
Concentrations: Paleopathology
Growth and development
Primate behavior

Inside minor: Archaeology

Outside minor: Medical sciences

Dissertation: "Silent Voices of the Destitute: An Analysis of African American and Euro-American Health during the Nineteenth Century"
Chair: Dr. Della Cook
- 2005 M. A., Department of Anthropology, Indiana University, Bloomington, Indiana
- 2000 B. S., *Magna Cum Laude*, Department of Anthropology, Indiana State University, Terre Haute, Indiana

TEACHING AND PROFESSIONAL EXPERIENCE

- 2023-Present Professor, University of South Carolina at Columbia, Department of Anthropology

Director of Undergraduate Studies, Department of Anthropology, University of South Carolina at Columbia
- 2017-Present Associate Professor, University of South Carolina at Columbia, Department of Anthropology
- 2017-2021 Director of Undergraduate Studies, Department of Anthropology, University of South Carolina at Columbia
- 2011-2017 Assistant Professor, University of South Carolina at Columbia, Dual Position in Anthropology and African American Studies
- 2019-2021 Research Associate, Glenn A. Black Laboratory of Archaeology, Indiana University

2015-2019	Research Associate, W. Montague Cobb Laboratory, Howard University
2008-2011	Assistant Professor, University of North Carolina at Greensboro (UNCG), Anthropology Department; affiliated faculty of the African American Studies Program
2008	Lecturer, Indiana University, Department of African American and African Diaspora Studies
2005	Assistant Undergraduate Student Advisor, Latino Studies Program, Indiana University, Bloomington, Indiana
2003-2004	Instructor, Indiana University Lecture and Laboratory Methods in Biological Anthropology
1998-1999	Lab Assistant, Indiana State University Archaeology Laboratory
1996	Field Assistant, University of North Florida/National Parks Service Fort Caroline Archaeological Survey, Jacksonville, Florida
1995-97	Teacher's Assistant, Child Development Research Center, University of North Florida, Jacksonville, Florida

RESEARCH INTERESTS

Human Osteology, Paleopathology	Investigating health, disease, disease process, and trauma in ancient, historical, and modern populations
African American Biohistory/Diaspora	Examining health, disease, trauma, growth and development, and health disparities among enslaved and freed African Americans
Biological impact of marginalization	Analyzing biological stress, disease, and trauma in socially and culturally marginalized groups, including African Americans, the impoverished, and the institutionalized
Historical Medicine	Examination of health, disease, infection and medicine during the 19th century combining an osteological and historical approach focusing on disadvantaged populations
Other interests	Ethics in bioarchaeology, Forensic anthropology, Eastern North America prehistory, Neandertal morphology, primate behavior, sociocultural constructions of race and disease ideologies, Sherlock Holmes and anthropology

LANGUAGE PROFICIENCY

Spanish: Comprehension, reading, and speaking competency
