Committee Membership
2025-2026

Authority

Except as otherwise required by USC and/or LCME regulations and policies, SOMC committees and subcommittees are advisory to the Dean and operate in accord with the policies and procedures contained in the USC *Faculty Manual*. All chairs of committees must be faculty. The following committees are empowered with exclusive authority and are not advisory to the Dean:

- Student Academic Review Committee
- Curriculum Committee
- Admissions Committee
- The Basic Science, Clinical Science, and Library Units of the Tenure and Promotions Committees.

Nomination/Election Process

The Faculty Representation Committee is responsible for developing and administering the procedures for nomination and election of faculty members to committee and subcommittee places designated for elected members. The Faculty Representation Committee also advises the Dean on the selection of faculty members for committee and subcommittee places designated for appointees. It is expected that each faculty member under consideration for nomination for an elected committee and subcommittee position will, prior to the election, discuss his/her nomination with the chair of his/her department.

Voting Privileges/Quorum/Chair Election

Consistent with the policies and procedures of *The Faculty Manual* for operation of USC colleges, schools, and departments, all faculty, students, administrators, and non-faculty SOMC staff members, who are members of SOMC committees and subcommittees, whether elected, appointed, or ex officio, are eligible to vote unless otherwise specified. Consultants and other individuals specifically identified as staff to committees and subcommittees are not eligible to vote on SOMC committees and subcommittees. A quorum for all committees will consist of half the total of voting members plus one and the majority of those voting must be faculty. Unless otherwise noted due to ex officio status or committee guidelines, the chair of each standing committee will be elected by the voting members for a two-year term. A chair may serve no more than two consecutive terms.

Selection of Student Members

In the spring semester, the Associate Dean for Student Affairs sends members of the M-I and M-III classes a memorandum to invite them to self-nominate for service on SOMC committees and subcommittees for the next academic year. Each student may self-nominate for up to two committees, for which members of that class vote for those representatives, in addition to the Admissions Committee and/or Curriculum Committee, whose student members are selected through an interview process by the Offices of Admissions and Undergraduate Medical Education, respectively. To be eligible to serve on SOMC committees and subcommittees, a student must be currently enrolled and in good academic standing. No student repeating an academic semester or year is eligible for service on SOMC committees or subcommittees until the repeat semester/year has been completed successfully.

Other USC and SOMC Committees

The SOMC committee structure does not relate to membership of other committees of USC, the SOMC Educational Trust, the SOMC-affiliated hospitals, or the SOMC strategic planning process. The process of selection for membership on these committees is distinct from the selection process for faculty, administrative, and joint faculty/administrative committees.

Minutes of Committee and Subcommittee Meetings

The Chair of each committee and subcommittee will ensure that minutes of each meeting are kept and distributed to committee and subcommittee members and made available to the SOMC faculty upon request.

I. Committees Related to the University of South Carolina

Committees Mandated by the University of South Carolina *Faculty Manual*

- A. Basic Science Unit Tenure and Promotion Committee:** Responsible for formulating and updating specific criteria for the appointment, retention, promotion, and/or tenure of faculty members in SOMC basic science departments. The committee also assesses candidates for appointment, retention, promotion, or tenure (as the case may be) and makes recommendations to the SOMC Dean regarding the candidate faculty member based on the applicable established criteria.
AUTHORITY: The committee has the sole authority to formulate criteria for appointment, retention, promotion, and tenure of basic science faculty members and make candidate recommendations to the Dean, Provost, and the University Committee on Tenure and Promotions.
CHAIR: The Chair of the Basic Science Unit Tenure and Promotion Committee shall be elected by the members of the committee for a two-year term.
Current chair: Wayne Carver, Cell Biology and Anatomy
TERM OF OFFICE: 2025-2027
MEETING FREQUENCY: As required
MEMBERS: All tenured faculty members in SOMC basic science departments
- B. Clinical Unit Tenure and Promotion Committee:** Responsible for formulating and updated specific criteria for the appointment, retention, promotion, and/or tenure of faculty members in SOMC clinical science departments. The committee also assesses candidates for appointment, retention, promotion, or tenure (as the case may be) and makes recommendations to the SOMC Dean regarding the candidate faculty member based on the applicable criteria.
AUTHORITY: The committee has the sole authority to formulate criteria and make candidate recommendations for appointment, retention, promotion, and tenure of clinical science department faculty to the Dean, Provost, and the University Committee on Tenure and Promotions.
CHAIR: The Chair of the Clinical Unit Tenure and Promotion Committee shall be elected by the members of the committee.
Current chair: Kevin Bennett, Family and Preventive Medicine
TERM OF OFFICE: Continuous
MEETING FREQUENCY: As required
MEMBERS: All tenured faculty members in SOMC clinical departments
- C. Medical Library Unit Tenure Committee:** Responsible for formulating and updating specific criteria for the appointment, retention, and/or tenure of SOMC medical librarians. The committee also assesses candidates for appointment, retention, or tenure (as the case may be) and makes recommendations to the SOMC Dean regarding the candidate librarian based on the applicable established criteria.
AUTHORITY: The committee has the sole authority to formulate criteria and make recommendations for appointment, retention, and tenure of SOMC medical librarians to the Dean, Provost, and the University Committee on Tenure and Promotions.

APPENDIX 1

SOMC Committee Membership Recusal Policy May 2015

Purpose: The purpose of this policy is to formally state those instances when committee members should recuse themselves from voting on actions specifically aimed at applicants and current students in the School of Medicine.

Rationale: While participation, particularly of faculty, on SOMC committees is not only encouraged, but necessary for the SOMC to function and conduct business; there are instances, specifically involving actions concerning applicants or current students, where the faculty member is expected to recuse his/herself from voting. This is necessary to protect the applicant/student from unfair bias in the process. While the list of committees and potential conflicts is not meant to be all inclusive it is expected that committee members will exercise good judgement and will recuse themselves from the committee prior to the discussion of the applicant/student. A faculty member's recusal should be noted as part of the official minutes of the committee meeting.
